

# Arctic Cat® Wildcat

## Installation Instructions

### Gear Case Seal Installation Kit

(p/n 0444-273)

■ **NOTE:** Read these Installation Instructions thoroughly before beginning the installation process. Retain these Installation Instructions for future reference.

#### Application: Wildcat

##### Kit includes:

p/n	QTY	DESCRIPTION
0443-073	1	Rear Seal Installation Head - 40 mm
0443-072	1	Front Seal Installation Head - 48 mm
0443-070	1	Handle
0453-811	1	Instructions

■ **NOTE:** Refer to the appropriate Wildcat Service Manual for more detailed instructions. Some photographs used in this instruction are used for clarity purposes only and are not designed to depict actual conditions.

1. Remove the appropriate drive axle.
2. With the drive axle removed and using a clean towel, wipe away any oil or grease from the axle or gear case components.
3. If removing a front gearcase seal, use seal removal tool (p/n 0644-180). If removing a rear gearcase seal, use a flat-head screwdriver making sure not to damage the gear case. See Fig. 1.
