This exploded perspective view shows the assembly of a motorized device. The central component is a motor (1) with a mounting bracket (2) and a base (15). A cable (3) is connected to the motor. To the left, a control unit (6) with two cylindrical components (7) is shown, connected to a hose (10) and a valve assembly (9). A small component (12) is also connected to the control unit. To the right, a complex wiring harness (16) is shown, featuring a connector (14) and a switch (19). The harness is connected to a power source (20) and a battery pack (28). A ring (29) is shown near the motor. Other components include a bracket (13), a screw (14), a hose (17), a connector (18), a cable (27), a bracket (24), a screw (25), and a hose (26).
