16	0509-141	Alternator	1	

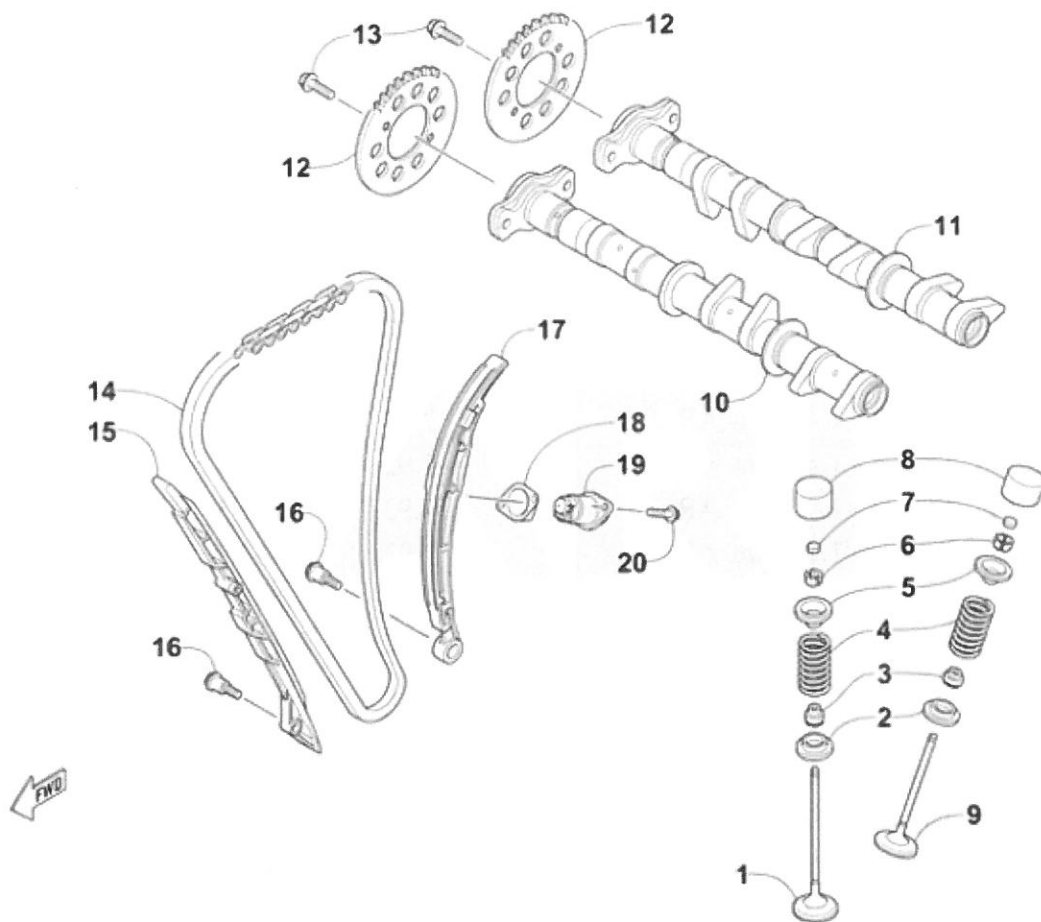

This exploded view diagram illustrates the assembly of a protective eyewear system. The components are numbered as follows:

- 1**: Main front faceplate with a large central lens.
- 2**: A rectangular component, likely a filter or sensor, mounted on the front faceplate.
- 3**: A circular gasket or seal for the top attachment point.
- 4**: A ring or flange used for securing the top connection.
- 7**: A curved duct or hose for air intake or exhaust.
- 8**: A side or rear protective shield.
- 9**: A top protective shield or headband component.
- 10**: A small circular component, possibly a vent or filter.
- 11**: A small circular component, possibly a vent or filter.
- 12**: A circular gasket or seal for the side attachment point.
- 13**: A ring or flange used for securing the side connection.
- 14**: A small circular component, possibly a vent or filter.
- 15**: A small circular component, possibly a vent or filter.
- 16**: A rectangular component, likely a filter or sensor, mounted on the side.
- 17**: A rectangular component, likely a filter or sensor, mounted on the side.
- 18**: A small circular component, possibly a vent or filter.
- 19**: A small circular component, possibly a vent or filter.
- 20**: A ring or flange used for securing the bottom connection.
- 21**: A curved duct or hose for air intake or exhaust.
- 22**: A top protective shield or headband component.

The diagram shows how these parts are assembled to form a complete protective enclosure around the eyes.
